

After an interview with Swami, the man returned home to Japan with his vibhuti. At this time he did not really know what vibhuti was. On the plane, he was seated near some children and the toilets. He was continuously disturbed and did not get any peace and quiet. He got off at Heathrow airport and remembered the vibhuti and put some on his tongue. At that moment he heard his name announced and was requested to go to the counter. The lady at the counter said to him that his seat had been shifted to Business 1st class and had been paid for by a man with a beard.

There was a Sai devotee whose son was suffering from severe abdominal pain and therefore he gave his son some vibhuti. A relative said to the man "when do you expect the cure?" the man replied "by tomorrow". That night he dreamt that Swami was kicking him in his chest and He said to the man in his dream "why did you say that you expect the cure tomorrow and not immediately?" the next day the son was better.

Swami manifests Himself where service is done. He takes on the problems of all devotees. He does not get tired. He is working today. Some people ask why Swami is suffering physically. Frankly it's none of our business. He has taken on the illness from someone else. Who else can have a pelvic fracture and not say it is painful. We must do our work and rise beyond the body. We are not the body and we are not the individual.

Swami's love is beyond description; any number of days is not enough to speak of His Glory. Swami once asked Sri Anil Kumar "What do you want?" Swami gives us all we need without even asking. Swami insisted again "what do you want?" Anil Kumar then replied, "I want to be born again and again so that I can spend my life spreading Your word". We are very well taken care of by Swami. He looks after all the mundane things in our lives. Anil Kumar does not have any income, but Swami takes care of everything. The suit that Anil Kumar was wearing on that day was presented to him by Swami. Professor Anil Kumar's final statement was, "my life is Swami's life". He finished his exhilarating speech with the song 'adi shesha ananta shayana'.

The programme came to a close with a vote of thanks by brother Ishwer Patel and the arti.
